

## tg<sup>®</sup> grip II Elasticated Tubular Bandage

Sold Exclusively  
through  
Patterson Medical

“

If it feels better, the patient is more prone to wearing it. The more comfort you can provide a person the better. Fragile skin needs product as soft as can be.

”

*Clinicians' comments regarding the softness and feel of tg<sup>®</sup> grip II*

### How to use tg<sup>®</sup> grip II?

- Light compression for effective management of strains, sprains, and soft tissue injuries
- Support and relief of ligaments, tendons and joints
- Dressing retention
- General edema control

### Why tg<sup>®</sup> grip II?

- Highly comparable with your existing elasticated tubular bandages
- Soft, comfortable and seamlessly knitted
- Self-adjusts to body contours to provide even distribution of pressure
- Quick and easy fitting
- Wide range of sizes for most applications
- Washable up to 140° F and reusable
- Choice of two colors; natural and beige
