

HERE COMES
THE SUN

red light therapy wrap

The Wireless Red Light Therapy Wrap combines light wavelengths of red light (660nm) and infrared light (850nm) for targeted cellular-healing, as well as potential pain and inflammation reduction. This wireless, versatile and flexy therapy wrap contains 360 hard working LED light chips to provide convenient, comfy, warm light therapy to a large surface area.

Use this wrap all over the place – feet, ankles, knees, hips, low back, neck, shoulder, elbow, wrist, and hands, get creative.

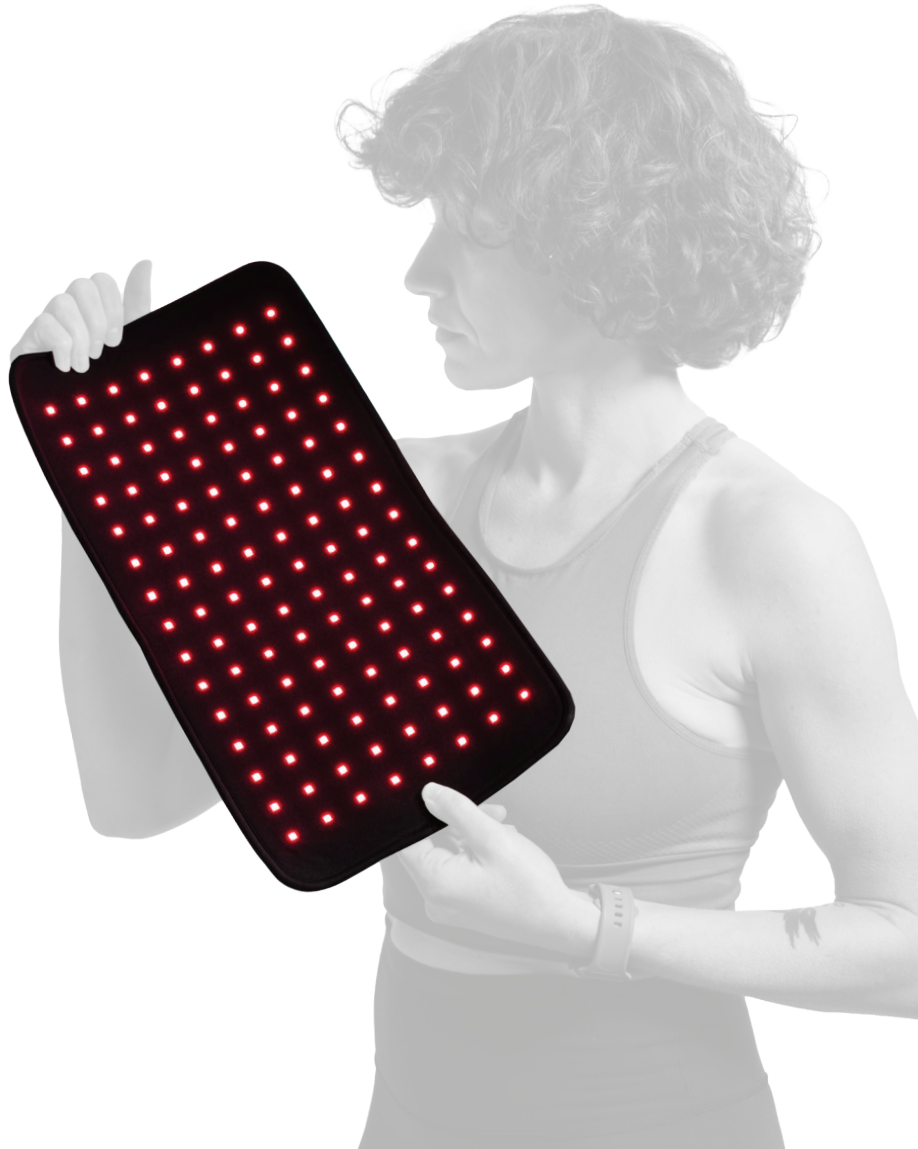

Safe, effective, science-backed, affordable light therapy. Yep, for real.

why red light therapy?

Red Light therapy is used by medical professionals and studied by scientists for its ability to improve how the cells in our body produce energy. The long list of potential benefits continue to amaze people - including pain relief, reduced inflammation, increased blood flow and improved collagen production - just to name a few. Recovering from an injury? Wanting to improve your performance? Looking for safe, effective, enjoyable and easy multi purpose healing wrap? We made it just for you.

how to use

Place your wrap (skin contact) anywhere you need some help! Secure with the Velcro, or don't. Up to you. Turn it on. Take a break. Ahhhh. Convenient built-in 20 minute timer. Adjust intensity for sun-like warmth. 20 minutes a day, 3-7 times/week.
