# red light therapy wrap

## neck & shoulder

The Fringe Neck and Shoulder Red Light Therapy Wrap combines light wavelengths of red light (660nm) and near infrared light (850nm) and an optional vibration massage setting.

It wraps up your shoulder and neck area for targeted cellular-healing, as well as potential pain and inflammation reduction. This ergonomic, wireless and versatile therapy wrap contains 360 hard working LED light chips and 4 optional vibration massage areas to provide convenient, comfy, warm, massaging light therapy.

The perfect warm, healing, massaging recovery tool to speed your shoulder recovery and ease your neck tensions..

### why red light therapy?

Red Light therapy is used by medical professionals and studied by scientists for its ability to improve how the cells in our body produce energy. The long list of potential benefits continue to amaze people - including pain relief, reduced inflammation, increased blood flow and improved collagen production - just to name a few. Recovering from an injury? Wanting to improve your performance? Looking for safe, effective, enjoyable and easy multi purpose healing wrap? We made it just for you.

### how to use

Place your wrap (skin contact) anywhere you need some help! Secure with the Velcro, or don't. Up to you. Turn it on. Take a break. Ahhhh. Convenient built-in 20 minute timer. Adjust intensity for sun-like warmth. Add gentle vibration massage - Ooohh. 20 minutes a day, 3-7 times/week.
