

SAMMONS PRESTON MESH BACK SUPPORT

The Sammons Preston Mesh Back Support helps prevent and protect injuries including sprains and strains. It aids in proper alignment while sitting and standing for prolonged periods. Support can be worn under or over the clothing. The low profile, breathable mesh construction is comfortable to wear. The molded lumbar compression pad provides added lumbar support. Double pull-straps help support the lumbar and abdominal area to promote proper spinal alignment.

Key Features:

- Indications for use: low back pain, sprains and strains. Provides low back support and stabilization
- Low profile, breathable mesh construction is comfortable to wear
- 8" high in the back
- Sizing based on waist circumference
